

Dear

At Newchurch Primary School we have zero tolerance when it comes to bullying and hate crimes. We would like to see how far geographically we can share our commitment to living in mutual respect for others.

With this in mind, you have been specially chosen as an extended member of our Newchurch Family to receive this letter. Please would you mind emailing us at [newchurch\\_primary@warrington.gov.uk](mailto:newchurch_primary@warrington.gov.uk) to say you have received this letter and where you live – you could even send a photograph!

After receiving it, if you are able to send the letter further afield then that would be great but please remember to ask them to email us with their location on receipt. Let's see how far we can spread our important message!

Many thanks for helping us.

Kind regards,

The children, staff and families of Newchurch Community Primary School
