

FRIDAY NEWCHURCH

28th September 2018

ENTERPRISE WEEK

Preparing to fly is our motto and this week we have really lived up to it. Every class have been investigating career paths and how they can shape their futures. Through projects, research and amazing talks from parents and professionals, the week has been a huge success.

Remember to look out for more pop up stalls over the coming week and to dress up for your future job on Monday.

Reception:

Reception have made rainbow bookmarks – lots of opportunities to practise their fine motor skills.

Year 1:

Ted: We made ice-pops in different flavours.

Will: We put fruit in them. They tasted really good.

Year 2:

Year 2 have been very busy with all the different activities during Newchurch Enterprise Week. For the £10 challenge the children made minion, robin and crazy critter pom poms ready to be sold. Alongside this, the children have worked on the 'Inventing the Impossible' task. Their focus was a double amputee child and they had to design something that would help improve his life, specifically, his love of swimming. Their ideas were absolutely fantastic. We definitely have some budding entrepreneurs in the making at Newchurch.

Charlotte: I've enjoyed designing prosthetic legs to help the little boy swim better.

Sofia: I've enjoyed making the pom poms and designing our own trainers.

Year 3:

During enterprise week Year 3 have been extremely busy. We have taken part in the £10 challenge where we are trying to raise as much money as possible from making and selling pom-pom's. We have baked biscuits as part of food technology challenge day and have spent time studying a blind child designing products to help improve their day to day life.

Tyler: I liked making the pom-poms for our £10 pound challenge

Olive: I really enjoyed our class talk from Thomas's dad.

Year 4:

Year 4 have had lots of fun this week during enterprise week. They have enjoyed an engaging talk about midwifery from Mrs Coombes, researched the work of Thomas Edison, designed their own inventions and sold popcorn in an

attempt to make a profit. The children have learnt that it takes resilience and hard work to be successful in anything they wish to achieve and their attitudes towards the week have been really impressive.

Year 5:

We have been fortunate enough to welcome some parents, who have shared their experiences of the workplace with our children. On behalf of everyone in Year 5, thank you

Evie: I have had lots of fun doing many different activities.

Henry: I had fun making, and eating, fruit salad!

Year 6:

Throughout the week we have looked at how to support individuals with Alzheimer's through our design, studied the pioneers Brin and Page (the founders of Google), established our own businesses and had a range of insightful talks from an RAF Colonel, IT Project Manager and an Operational Data Analyst.

Karen Coombes (Midwife): I just wanted to pass my thanks on to Year 4 and Year 5 for their enthusiasm and interest. I loved showing my work stories with all the children and was blown away by their level of interest and engagement. They are a credit to the school.

GREAT NEWCHURCH BAKE OFF

As always, our Newchurch Family did not disappoint us with the number fabulous cake they created to support our Macmillan Coffee Afternoon. We had some spectacular entries to the cake competition but unfortunately we could only have seven winners. Check out our Twitter feed @NewchurchCP to see the winning cakes. Many thanks also to those children who donated cakes and of course to all those parents, grandparents and great-grandparents who supported our charity event. We will let you know the total amount raised as soon as we have collected all donations.

Special thanks goes to our governors and all those wonderful parents, and grandparents, who helped with the preparation and refreshments. You are really precious to us.

INSPIRATION PEOPLE

In our Wednesday assembly, we have been learning about inspiration people and what their lives and choices can teach us. These assemblies are aimed to be very thought provoking and look at some mature topics. I have been delighted with the engagement from the children and the reflective and insightful comments and questions

Newchurch Community Primary School

Please contact school**

they have asked. We consider which qualities these people display and how they linked to our school values and British values. For example, when we talked about Winston Churchill we discussed the qualities that he showed were:

Believed in himself, Fought for what he believed was right, Was courageous, Persistent, Wouldn't give up, Kept calm, led by example etc.....

So far we have learned about Malala Yousasgai, Mother Theresa, William Shakespeare and William Churchill. For the rest of the term we will be learning about: Steve Jobs, Nelson Mandela, Muhammed Ali, Martin Luther King, Anne Frank, Walt Disney, Marie Curie, Jesus Christ and maybe more! I hope that by giving you this information it will promote further discussion at home.

READING LADDER w/e 28th September 2018
